

# **The Eight Core Policies**

of the

# **Australia First Party**

## **1. Ensure Australia Retains Full Independence.**

Protect our sovereignty (national, constitutional, and personal) and maintain an adequate defence whilst being compassionate and fair in our Nations international dealings.

## **2. Rebuild Australian Manufacturing Industries.**

This is the only way we can be self-sufficient. It will provide jobs for our children, and help buy back the farm and allow Australia to be free of foreign debts. Our infrastructure has been run down over many years - it must be rebuilt. We must improve the practicality and relevance of our educational systems, and target government support for industry to diversify, innovate, perform, and expand. We recognise that small business is fundamental to this policy. A satisfactory financial environment is also essential.

## **3. Control Foreign Ownership.**

Bring foreign ownership and investment back under control.

## **4. Reduce and Limit Immigration.**

Immigration mistakes can be big long term mistakes. Immigration policy must take into account social cohesion, employment opportunities, urbanisation and environmental issues.

## **5. Abolish Multiculturalism.**

End the divisive, government funded and institutionalised policy of multiculturalism.

## **6. Introduce Citizen's Initiated Referenda.**

Amend the Australian Constitution so that the people can initiate constitutional referendums which, if approved by the Australian people, will amend the Australian Constitution. This simple step will confirm the political authority of voters and make politicians aware that they are the servants of the Australian people, not their masters.

## **7. Strengthen the Family.**

Promote policies that strengthen and protect the traditional family.

## **8. Strive To Rebuild A United Australia.**

Promote policies that recognise the interdependence of city and country.
